

Understanding Homelessness training

Presented by members of the Council to Homeless Persons' Peer Education Support Program (PESP), this training provides a comprehensive overview of key homelessness issues from the perspective of individuals who have lived it.

Learning objectives

To provide participants with a more detailed understanding of homelessness— its definitions, causes, effects and the lived experience—in order to inform their work with people who are experiencing homelessness and to respond in an appropriate manner.

Topics covered

- statistics and definitions of homelessness
- myths and facts
- causes and effects of homelessness
- consumers of homelessness services
- personal experiences
- rights-based approach versus charity.

Duration

1.5 hrs

Registration
