17.	Frankston	410
18.	Keysborough	402
19.	Mulgrave	388
20.	Werribee	376

What can be done?

Skyrocketing rents, low social housing stock and rising hardship is driving homelessness in every town and suburb across Victoria. But there are solutions to overcome the crisis.

With the right measures in place, we know that homelessness is preventable, early intervention achievable, and that keeping people housed is possible.

The Council to Homeless Persons has developed a blueprint for solving homelessness – the [Victorian Homelessness Election Platform](#). Now we're looking for the political leadership to implement it.
